The captivating island of St. Bart's is currently open to US travelers and best in class resort, [Le Barthelemy Hotel & Spa](#), welcomes pets, in addition to humans

looking to vacation in private. As if the views of the Caribbean ocean aren't enough, the hotel boasts an outdoor infinity pool, suites with private plunge pools and walk-out access to the beach, where dogs get reserved lounge chairs. Yes, really. They'll even arrange all the bells and whistles for Fido, including: a personal dog-walker, customized meals with fresh-caught fish for any dog's dietary needs, dog-friendly paddle boards and kayaks and extremely comfortable beds. All that sounds pretty swanky to us, but we're also sure your pup will be happy just exploring the two miles of exclusive white-sand beach, that's prime turf for digging and playing.
