## Le Barthélemy Hotel & Spa, St. Barts

The stunning isle of St. Barts in the French West Indies is all about glitz and glamour, and as far as luxury hotels go, it doesn't get much better than Le Barthélemy. The new 46-room hotel was built with the world's traveling elite in mind: we're talking breezy-chic guest rooms with Hermès amenities (some even have heated plunge pools), sun-soaked terraces, a seaside Michelin-starred French restaurant, and—the Instagram gold—a massive infinity pool overlooking the Grand Cul de Sac beach. After lengthy days in the sun, give your skin a break with a soothing treatment at the Le Spa, which incorporates products by La Mer.
